

Earth Bars

Insulators

Sandart: IEC EN 62561

Hermes insulators are commonly used in earth bars to provide mounting and insulation from metallic surfaces. Hermes provide LV and MV insulators.

Part Number	Product Description	Thread	Length in millimeter	Unit Weight
HRT 26431	Insulator 0.6/1kV	M6	30	0,050
HRT 26433	Insulator 0.6/1kV	M8	40	0,100
HRT 26435	Insulator 2-3kV	M10	50	0,130
HRT 26437	Insulator 3-5kV	M12	60	0,150

* For Special dimensions insulators please contact to sales department.
